Department B Fashion Revue

Superintendents: Linda Bottorff, Susan Duncan and Leah Martin
 Purple/Blue - \$1.75; Red - \$1.50; White - \$1.25

Judged Tuesday, July 25 as scheduled.

Fashion Revue Rules:

1. All entries in this division should be pre-entered by noon on July 18. Late entries are not eligible for champion honors but will be judged. Any changes after entry forms are sent to the Extension Office shall be made at the discretion of the department superintendents or the Extension Office only. Following judging, no changes will be accepted. Premiums will be withheld when guidelines are not met.
2. According to project phase enrolled, exhibitor may model 2 constructed garments and/or 2 ready-made outfits. In addition, exhibitor may model one embellished/decorated or recycled garment and 1-\$15 outfits in both construction or buymanship. In addition, those enrolled in knitting or crocheting may also model a knitted or crocheted garment. Judging scoresheets and additional details are posted on the Atchison County Extension website.
3. In Public Revue the 4-Her may model only 1 constructed, 1 buymanship outfit, 1 embellished/decorated/recycled garment, 1 \$15 outfit and 1 knitted and crocheted outfit and/or garment modeled by another. Please mark 1st and 2nd choice on description sheet as to preference for modeling at the fair. Changes may be made by superintendents due to ribbon placing. Changes in outfit selected to model in public revue will result in forfeiture of premium.
4. 4-Her should know total purchase price of outfit for cost per wear purposes.
5. **Constructed/knitted/crocheted garments** shall be constructed by the youth. 4-Hers exhibiting garments in the clothing construction project are strongly encouraged to model garment exhibits. Purchased outer wear may complete entry.
6. **Purchased garments/outfits** should be current year's project work. The purpose of this project is to gain buymanship and garment care life skills. These skills are demonstrated when all outer garments are modeled. **Example Current Project Work:** Wearing jeans purchased the previous 4-H year with a new sweater is not acceptable as a fair exhibit. Alternating a pair of old jeans by a seamstress to become a skirt is appropriate. If 4-H member is involved in the decision-making/purchasing, a seamstress may be hired/recruited to construct a garment.
7. All purchased garments must be modeled by 4-H member in addition to participation in the clothing consultation judging.

8. A \$15 outfit may be purchased or constructed. All outer garments, shoes and accessories shall be included in \$15 price. Receipts should be available during project judging.
9. Beginner division will be those who are 7 to 8 years of age by January 1. Junior division will be those who are 9 to 13 years of age by January 1. Senior division will be those who are 14 years of age and over by January 1.
10. Exhibitors in all levels and categories must provide a photo of the individual wearing the outfit to be judged. A cost per wear card is required. All entries must be judged, 4-Her must model in public revue in designated outfit and exhibit in clothing department following Public Revue.
11. Champion and Reserve Champion will be chosen in each of the project phases and age division if judges deem entry worthy of purple ribbon placing. An alternate will be named at the judges' discretion. Garment modeled by another category (Classes 110, 210, and 310) is not eligible for champion honors.
12. Champion and Reserve Champions will be announced during the public Fashion Revue to be held **Thursday** evening of the fair. Ribbon placings will be awarded at this time as well.
13. The two Senior division clothing champions/reserves/alternates/purples in Constructed Garment, Girls Buymanship and Boys Buymanship will represent Atchison County at the State Fair. A 4-Her exhibiting an embellished/decorated or recycled outfit may be named county champion; however, he/she will be unable to compete at the State Fair due to exhibit rules. In this case the alternate will advance to State fair. To compete at the State Fair, the 4-Her must complete an entry form by August 9.

Constructed Exhibits - Garments/items sewn by the 4-H member. Should be displayed on hanger. Pattern guide sheet should be furnished during judging consultation.

Educational Classes - The purpose of this exhibit is to share with others what you learned in this project. Posters must not be larger than 22"x 28". You may exhibit a notebook or other free standing display. Take care to select durable materials that will withstand fair conditions. Total display space must be no more than 12" high 12" deep, 18" long. No card table displays are allowed. Name and county must be clearly marked on back of educational exhibits.

Purchased Garment - Garment and fashion accessories should be available during judging consultation. Only purchased garment will be displayed. Previously exhibited clothing may not be entered the following year unless altered to serve a new function, i.e. jeans made into a skirt. Garment can be constructed by another person if 4-H member is involved in purchasing and project decision making.

Embellished/Decorated/Recycled Garment-May be exhibited by 4-Her enrolled in clothing construction or buymanship. This is the 4-H member's opportunity to create a personally designed garment. Workmanship must be done by the 4-Her. Possible examples might include sewing embellishments on a sweatshirt; using fabric paints, tie dyeing a garage sale t-shirt; or buying a garment at a thrift store and adding embellishments. There are no limits to the possibilities of this class.

\$15 Outfit Challenge-All clothing items visually viewed as well as shoes and fashion accessories should cost no more than \$15. The use of valuable items is discouraged. The following information should appear on an 8"x10" poster board: 1) Name, 2) Age on January 1, 3) Picture of exhibitor in garment, 4) Occasion to be worn and 5) Cost of articles. Section I - Food Preparation

Food Preparation Rules:

1. Overall Champion and Overall Reserve will be selected from Project Phase Champions and Reserve exhibits. Champion and Reserve Champion of Decorated Foods will be considered for this award, if the 4-Her is enrolled in this project. Food exhibits and decorated cakes shall be judged according to the rules of their division when competing for Overall Championship honors. Class F-201 is not eligible for Champion awards. Champion items will be auctioned at the 4-H Foods Auction on Wednesday evening.
2. A member must be enrolled in the project level unless exceptions noted. Fair entry will be by age divisions.

3. Any 4-Her or youth may exhibit in classes F-151, F-152, F-153, F-154 and F-201. Youth must be enrolled in decorated foods as a separate project to be considered for overall championship awards.
4. 4-Hers may exhibit no more than four food items and educational exhibits per project level enrolled. In addition to this number, three additional exhibits may be entered in the flop, decorated foods and pies classes.
5. 4-Her may exhibit more than one item per class. Exhibit must demonstrate different skills if entered in the same class. Designate additional entries with the letters A, B, C, and D after class number.
6. 4-H members are encouraged to exhibit entries which exhibit skills learned in their project experience. Appropriate age level skills will be considered when selecting special awards. For example: a no-bake cookie is an appropriate exhibit for a 4-Her enrolled as a Beginner. A 4-Her enrolled as an Intermediate would exhibit a cookie that requires additional skills such as a pressed cookie. Likewise, a Beginner level 4-Her is discouraged from exhibiting a food item requiring advanced techniques which require adult assistance.
7. Recipes in the 4-H food project books are only guidelines. Comparable recipes from other sources may be used and are encouraged. Recipes are required for each exhibit. If not exhibited, a lower ribbon placing will be given. If a 4-Her has received a purple or blue ribbon on an exhibit in previous years, a new recipe must be used. If not, a lower ribbon placing will be awarded. Only 4-Hers receiving a red or white ribbon on a product the previous year may use the same recipe; all other exhibitors must use a new recipe.
8. Following the foods project curriculum guidelines, all levels in the division have classes designated as perishable and non-perishable. Non-perishable exhibits would generally be cookies, muffins, cakes, quick breads, or yeast breads.
9. A perishable food is defined as a food which requires special temperature and time controls. **For food safety reasons, some foods are not appropriate fair exhibits and may not be judged. Foods and frostings with uncooked eggs will not be judged for safety reasons; no ribbon will be awarded.** Refer to K-State Research and Extension publication, (4-H 712, Food Safety Recommendations for Acceptable Fair Exhibits,) for information to help make informed, safe food exhibit decisions. Examples of perishable foods would include fresh fruit and vegetables, meat dishes, sandwiches, dairy products, etc. **Perishable foods must be kept at the proper temperature prior to judging.** Perishable foods may receive purple awards at the county fair and named a level champion; however, they are not eligible for State Fair. Pictures of perishable foods will be displayed; random perishable exhibits will be selected for fair display.
10. Judging will be Tuesday of Fair Week by consultation. Judging will be scheduled by the Extension Office. All exhibits must be entered by their individual judging time.
11. Food should be removed from pans for display with the exception of food exhibits such as pies or casseroles. If food is not removed, it should be in a non-returnable pan. Exhibits should be

displayed on a size appropriate plate or covered cardboard to fit the exhibit. Food item only is judged. It is suggested to use a small paper plate for cookies, biscuits, and rolls. Cakes, quick breads, tea rings would be displayed on a larger disposable plate. For food safety reasons, entries should be placed in a clear plastic bag or covered in a disposable airtight container. Note: To best display exhibit for judging, foods may be transported in non-disposable container such as a cake cover but must be transferred to an exhibitor provided clear bag or disposable container for the food auction after judging. Covering with clear plastic wrap is not acceptable, as it does not protect the food from the environment.

12. Label entries with gummed labels are obtained from the Extension Office. Place labels on bottom of plate and staple exhibit entry card to outside of exhibit. (An exhibitor may attach a 3 x 5 index card to provide the judge with additional information which is not covered in the conference judging setting.)

13. A 4-Her should exhibit 4 cookies, 4 pretzels, 4 cupcakes, 4 muffins, 1 loaf quick bread (not mini loaf), 1 cake, etc. 4-Hers enrolled in Intermediate and Senior levels should only exhibit perishable foods that require advanced food preparation skills.

Only entries in classes F-114, F-120, F-126 and F-132 are eligible for the Mary Boldridge Award.

16. Educational exhibits: may be a poster not larger than 22"x28", notebook or other display showing and describing something learned, a project activity completed, a food-nutrition community service program, etc. Exhibit should relate to project in which the member is enrolled. Example of an educational exhibit includes: posters, recipe boxes (at least 10 hand-written, tested recipes for each year exhibited) displays, but are not limited to these examples.

17. A food gift package must contain at least 3 different food items prepared by the 4-Her, in a suitable container (18"x18"x8"). **Sample food items required.** Prepared food items may be added. 18. Food, with exception of food baskets, will be sold at auction following the demonstrations on Wednesday evening. Proceeds will go to the Atchison County 4-H Council. Sales of Champion and Reserve Champion foods will help fund the 4-H educational scholarship fund. Other funds support the 4-H foods project and county 4-H camp.

19. Kansas State Fair classes. Exhibits receiving purple ribbon and meeting age requirements are eligible to exhibit. If eligible to exhibit at the State Fair, only 1 baked product and 1 educational display will be allowed. Recipe and pre-entry required.

 Purple/Blue - \$2.25; Red - \$2.00; White - \$1.75
Judged Monday, July 31 as scheduled (Visual Arts and Performing Arts)

Judged Wednesday, August 2 at 11:00 a.m. as scheduled (Fiber Arts)

General Department Rules

1. This department will be divided into three divisions; arts and crafts, performing arts and fiber arts. Consult with the Extension Office for details regarding judging times and locations. Enrolled 4-H youth will receive a judging schedule in July.

2. **Performing Arts performances**, (Class **G-105**) will be judged Monday fair week. Pre-entry is required. *See Department D* for details. 4-Hers enrolled in Performing Arts will follow the rules of the Demonstration Department if presenting a live performance while exhibits such as a poster or notebook would follow the rules of the arts and crafts section. 4-Hers enrolled in **Fiber Arts** will be judged in consultation with the assigned judge on Wednesday of fair week as scheduled. 4-Hers enrolled in Fiber Arts will follow the department rules but as they have different State Fair qualifying rules they should be entered by the class numbers listed below.

3. All exhibits are entered at your own risk.
 4. To be eligible to exhibit, a member must be enrolled in the project level. 4-Hers may exhibit a maximum of 4 entries per project phase enrolled.

2022-23 visual arts project phases include: Arts and Computers, Ceramics, Drawing & Painting, General Crafts, Graphic Design, Jewelry, Paper Crafts, Scrapbooking, and Your Choice

Note: If you are NOT enrolled in the correct phase, contact the Extension Office by July 1 to update your enrollment.

Fiber Arts focuses on creative fiber arts such as quilting, embroidery, counted-cross stitch, ethnic arts, etc.

Performing Arts includes the study of dance, drama, music,

pared to age and experience of youth as well as general quality of the exhibit. **Exhibits displayed in this department shall demonstrate principles and elements of design; therefore, building and learning toys (i.e. Lego, K Nex, Kits & model cars) should be exhibited in Department H.** Overall artistic appearance of the project and use of elements and principles of design as well as 4-Her knowledge will be considered in the judging. The craftsmanship of exhibitor is of greater importance than purchased embellishments.

12. Judging will be by consultation with exhibitors explaining their exhibits to the judge orally. Each of the exhibits in a given class will be judged individually according to a project standard and will receive a ribbon. Phase level champions and reserve champions will be selected from entries awarded a purple ribbon.

13. **State Fair:** There is not a State Fair class for performing arts performances/exhibits. Fiber Art exhibits will be selected for State Fair exhibits according to age and ribbon merit criteria. There is not a limit to the number of exhibits selected for State Fair exhibit in the Fiber Arts Section. Arts and crafts exhibits will be selected according to the county quota to represent the county program: **One entry from each of the five categories (Fine Arts, Clay and Ceramics, Leather and Jewelry, Three-Dimensional, and General Crafts).** Alternates will be named. Additional selection criteria is outlined in the State Fair rules.

Fine Arts oil, chalk, charcoal, dyes, pastels, pencil, ink, acrylic, or watercolor on canvas, canvas board, paper, wood, metal, or textiles, framed as a picture, prepared for hanging. Stretched canvas art on a wooden frame is considered prepared for hanging provided that frame has a hanger. **Clay and Ceramics** Any original item made of clay; may be fired or unfired, hand formed, or thrown on a wheel. Self-hardening, fire/oven-cured, and/or cornstarch clays are acceptable. Items can include, but are not limited to clay statues, bowls, etc. **Leather and Jewelry** Any leather stamping, carving, tooling, lacing, or stitching piece or any jewelry piece made from any medium are acceptable exhibits. **Three-Dimensional** The piece must be observable on at least three sides and should be either free-standing or prepared to be hung. Craft and pre-formed or assembled projects are not acceptable. **General Crafts** This category incorporates miscellaneous pieces that do not correspond to the four, above-mentioned categories. Copyright *Kits and preformed molds are not considered original and are not acceptable in any Visual Arts Class. Combining parts of different patterns (pictures, photographs, images from the internet or a magazine) with the member's own ideas can result in an original design, but simply changing the color, pattern, and/or size of a pattern does not make the design original. If you create a replica of what you see somewhere else (i.e. Pinterest), it is not your original design. If a photo, sketch, or other idea source was used, submit it with your entry, firmly attached to your exhibit.

clowning, puppetry, poetry, skits, etc.

5. There will be one class number per project level. For multiple exhibits, the exhibitor will add number behind the exhibit. For example, Level I would be Class G-101-1 for exhibit number 1; Class G-101-2 for exhibit 2 and Class G-101-3 for exhibit 3. Class name will be called exhibit item 1, exhibit item 2, exhibit item 3, exhibit item 4, exhibit item 5, and exhibit item 6 (if enrolled in more than one project phase), etc. This means that you could enter jewelry, sketching, leather, ceramics and nature crafts by assigning an exhibit number to each item. For identification purposes it is suggested to follow the exhibit number with a brief description such as Level II Exhibit Item1-Red bead necklace, Level II Exhibit Item 2 - Farm scene sketch.

6. For state fair exhibit selection and suggested for 2023 county fair, articles exhibited must be an original design created by the exhibitor. See copyright guidelines in the general youth rules section of the Fair Book (**rule 13**).

7. Use of copyrighted logos in artwork is prohibited and will be disqualified.

8. Exhibits shall be finished and ready to display. Drawings and sketches should be matted on poster board or similar media or framed and ready to hang. **String may not be used to hang exhibits.** All exhibits which need to be hung (including all fine arts) must have a wire or saw tooth hanger attached (no string or tape). Exhibits not following this rule will be dropped one ribbon placing.

9. A brief artist statement **should be attached to the exhibit that shares information about techniques, interesting facts about the exhibit, and statement regarding the use of the elements and/or principles of design incorporated in this exhibit.** It is **mandatory** that artist statement accompany project for judging or entry will be dropped one ribbon place. Artist statement forms are available online or at the Extension Office.

10. All visual arts exhibits are evaluated using a visual arts rubric, which takes into account correct use of design elements, craftsmanship, and creativity. Judging standards for all arts projects can be found on the local web site under 4-H projects.

11. Judges will consider the degree of difficulty of exhibit com-

Rocketry

STEM-Rocketry Rules:

1. Must be currently enrolled in the Rocketry program to exhibit.
2. All rockets displayed in this division must be constructed during the current year.
3. **If a rocket qualified for the Kansas State Fair, exhibitors should read the State Fair rules for the Rocketry division as they may be different from those at the county fair.**
4. Each exhibitor may enter up to two rocket exhibits that have been constructed during the current year. If two rockets are entered, one rocket must be a "model rocket kit", or the second may be entered into any other applicable class. An exhibitor may not enter two rockets in the same class.

5. 4-Hers are to complete and sign the rocketry information form, available from www.STEM4KS.com or the Extension Office, and attach it to a 10"x13" manilla envelope. The envelope should contain: A) Construction Instructions, B) Up to 5 pages of pictures (construction & launch), C) Documentation of any flight damage, D) Any modifications made to the rocket, E) An additional page for altitude calculations if the space on the form is not enough, **F) Additionally, for original design rockets (scratch built)** Up to 5 additional pages of photos and documentation of how the rocket was tested for stability.

6. If a safety violation is noted by the judges, superintendent, or extension staff, the exhibitor's rocket (at the judges' discretion) will receive a participation ribbon.

7. Rockets are to be displayed upright on a display stand with a sturdy rod that does not extend past the top of the rocket or stand unassisted, unless the rocket is taller than 4 feet in which case no display stand is required and the rocket may be displayed on its side. Rockets are not to be displayed on launch pads to save space and for safety.

8. Rockets **ARE NOT** to be displayed with used or unused rocket engines either in the rocket or as part of the stand. May disqualify exhibit.

9. Rockets should be flown, unless there is an active burn ban in the county or conditions are too dangerous to safely launch the rocket. Just flying the last stage (the part with the nose cone) of a multi-stage rocket is acceptable.

10. All rockets, except those in the JR division, are not to be "beginner kits" or use prefabricated fin assemblies or pre-finished rockets requiring no painting, these are not acceptable outside the JR division.

11. Angles of fins must fall within a plus or minus 2-degree variation using an approved fin alignment guide (such as KSSTAC10). An official fin guide is available from www.STEM4KS.com.

12. Fins and body tubes, except those in the introductory division, are to be filled and sealed with sanding sealer and/or primer or other suitable filler to eliminate the appearance of body grooves and wood grain.

13. Fins and launch lugs are to be filleted to reduce drag and properly secure them to the model.

14. Engine mounts are to be securely attached to the body tube
15. Any seams on plastic parts are to be sanded smooth.
16. The recovery system (typically a parachute or streamer) should be attached according to the instructions.
17. The nose cone is to fit snugly but still allow for easy removal.
18. Rocket must be uniformly painted and smoothly finished as per rocket instructions (for example, no painting required), and have decals, if used, are applied smoothly.
19. Models may not be judged based on their paint scheme (colors and placement on the rocket), with the exception of rockets that fit the definition of a **scale model*** and are entered in the scale model class. All other rockets do not have to follow the suggested paint scheme, allowing youth to display maximum creativity in the finishing of their rocket. Under no circumstances is the weight given to the paint scheme to be sufficient enough, by itself, to move the model from one ribbon placing to another.
20. **Scale models*** entered in the scale model class may be judged based on their paint scheme. The judge may deduct up to one ribbon placing for not following the pain scheme. Rockets displayed in the scale model class are to be finished and completed with a majority (greater than 70%) of decals. For all other rockets the use of decals are optional.
21. Original design rockets cannot be a modification of a pre-existing kit and must be of original design.
22. Original design rockets must be designed by the exhibitor.
23. Exhibitor must be 11 years of age (4-H age) or older to enter an original design rocket.
24. Original design rockets must include detailed instructions, so that someone could construct the original designed rocket just like a purchased kit. No page limit to convey full and complete construction techniques.
25. For rocket entered in the **original design classes**, describe in the summary how the rocket was tested for stability prior of flying. Swing testing of the rocket is required. Other tests and calculations are encouraged. Exhibitors must include documentation of the swing test.
26. Failure to swing test a rocket will result in a deduction of TWO ribbon placings.
27. A minimum of one additional page must be added to the rocketry information pack detailing the test(s) performed to ensure stability. 4-Her's are strongly encouraged to provide as much detail as possible. Failure to provide adequate written documentation will result in a disqualification.
28. Rockets that use more than one "D" engine or equivalent are considered mid or high-power rockets.
29. Mid and High-Power exhibitors must be at least 14 years of age by January 1 of the current year.
30. In addition to the information packet completed for all rockets, a high-power information form is to be completed and placed inside of the information packet. This may be downloaded from www.STEM4KS.com.
31. Exhibitors in the mid and high-power divisions must hold memberships in either NAR or Tripoli organizations.
32. The NAR High Power Rocket Safety Code applies to the construction and launching of all rockets displayed in this division. As such all mid and high-power rocketry exhibitors must comply with the NAR High Power Rocket Safety Code that is in effect as of October 1st of the current 4-H year.
33. All rockets in the mid and high-power divisions are to be launched under adult supervision by the 4-H member who constructed the rocket.
34. For rockets launched using an engine(s) that have 160.1 ("H" engine or equivalent amount of smaller engines) Newton's-seconds or larger, adult supervision must be provided by an individual having at least a level 1 high power certification. The member should also hold or be attempting to attain their level 1 high power certification if launching on this large of an engine. *As defined by the National Association of Rocketry (NAR), a scale model is any model rocket that is a true scale model of an existing or historical

guided missile, rocket vehicle, or space vehicle." The intent of scale modeling is, according to the NAR, "to produce an accurate flying replica of a real rocket vehicle that exhibits maximum craftsmanship in construction, finish, and flight performance." (NAR "Pink Book" 50.1 4-1).

Section XIII - Place Setting

Superintendent: Brenda Hoobler

Purple/Blue - \$6.00; Red - \$5.00; White - \$4.00

Judged on Tuesday, August 1 as scheduled.

1. Any youth may participate in the place setting division. If entries merit, this division will be split into a junior and senior age group for judging purposes. Each group shall have five or more entries to merit having a junior and senior division. It is suggested that youth planning to participate notify the extension office prior to July 15 so a judging time may be scheduled.

2. Entries in this division will be judged on Tuesday, August 2. Check in with foods superintendent for judging instruction.

3. An exhibit will include appropriate appointments (i.e. tablecloth, centerpiece and the cover setting for one person) to carry out menu theme. A cover setting consists of placemat, napkin, dinnerware, flatware and glassware. The planned menu and the occasion of meal is served are displayed to complete the exhibit. Menu planned by the youth will determine the appropriate cover setting choices. Place setting guidelines may be viewed at www.atchison.k-state.edu/4-h/projects/placesetting.html.

4. A theme for the place setting is encouraged to demonstrate creativity. All food contact surfaces must be considered food safe. For example, it would not be appropriate to spray paint a plate to carry out a color scheme. It would be acceptable to paint a charger to carry out theme color and then select a clear plate on which to serve the foods. Dishes and other items may be borrowed; paper plates may be used if suitable for menu selection.

5. Youth will set the place setting during the judging consultation period. Older youth are encouraged to make an oral presentation while setting the cover setting. Youth dress should be appropriate for theme established. Presentation will be made on 8 foot table. Youth may provide their own table if more suitable for menu choice.

6. Place setting exhibits will be displayed during fair. Exhibits may be taken home if the exhibitor prefers not to risk breakage due to accidents following judging; however, a photograph will be taken of the place setting exhibit to be displayed. All place settings should be reset for public display prior to noon Tuesday, August 1 by the exhibitor.

7. Judging criteria includes **place setting appropriate for selected menu - 10%; overall menu appeal - 10%; menu display/occasion - 10%; correct placement of cover setting - 20%; centerpiece selection 10%; theme creativity/visual appeal - 20%; food safety considered - 5%; and age-appropriate youth knowledge/presentation - 15%.**

Section XV-STEM-Ag Mechanics

The Ag Mechanics exhibit area is STEM project with an emphasis on welding and smithing, it will expand as the project area grows. This project allows youth to explore areas of ag mechanics and metallurgy from repairing or repurposing items to the fabrication of new items. The intent is for this program start with foundational areas, some of which youth may already have, and allow them to continue to build on this knowledge becoming more experienced.

1. Enrollment requirement for 4-H'ers: STEM-Ag Mechanics Class open to youth enrolled in FFA and Scouts.

Section XVI- STEM Architectural Block Construction

1. Enrollment requirement for 4-H'ers: STEM-Architectural Block Construction. Entry open to other youth organization including Scouts and FFA.
2. Each exhibitor may enter one exhibit for this department. Exhibits must have been constructed or repaired during the current 4-H year. Kansas State Fair allows four exhibits from this department for our county.
3. Total exhibit dimensions may not exceed 2 feet high, by 2 feet wide, by 2 feet deep.
4. All exhibits should be placed in a sturdy see through enclosure with a top, bottom, and 4 sides. A fish tank would be an acceptable enclosure. This is to keep exhibit parts from being "scattered to parts unknown" at the fair. The outer dimensions of the enclosure are part of the total exhibit dimensions.
5. All components used in construction should be dust free, clean, free of chips, scuffs, or cracks
6. The primary building component should be interlocking blocks, commonly referred to by the brand name of Lego®
7. Other architectural components can be integrated into dioramas to illustrate architectural aspects that may be difficult to convey with traditional interlocking blocks
8. The use of existing "store bought" sets for major architectural elements of the display is not allowed, use of figurines from sets is allowed as are using individual bricks to create something different than the architectural component of the set it came from.
9. Displays must have significant architectural components (walls, windows, doors, roofs, canopies flying buttresses, etc.), landscapes are discouraged.
10. Architectural elements should have a consistent look, walls with no pattern or consistency will be deducted one ribbon placing
11. Gaps or cracks should not be visible between assembled blocks.
12. Doors should open and close, windows can be either fixed or open and close.
13. Vehicles that are intended to stay in a single place should be affixed to base plates with sticky tack, hot glue, or other method.
14. Reveals that show the inside of a structure are acceptable, such as only having three walls to allow an unobstructed view into a room.
15. Mechanical enhancements or motion elements that add motion to the diorama are acceptable and encouraged. If used judges should be able to use them and instructions should be provided for operation.
16. Artistic designs with no architectural design/components are not permitted and two ribbon placings will be deducted.
17. The exhibitor's name(s) must be placed on the top left of the enclosure.
18. Each exhibit must include an Architectural Block Construction information packet. Each exhibitor is required to complete the "4-H STEM Architectural Block Construction Exhibit Information Form"

intended to be used to inflict damage and/or harm to individuals, animal life, and/or property.

12. Safety precaution should be taken. If the exhibit is powered by flammable liquids or electric power. If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor's exhibit, at the judges' discretion, will receive a deduction in ribbon placement or a participation ribbon.

13. Each exhibit must include an Ag Mechanics information packet. Exhibitor required to complete the "4-H STEM Ag Mechanics Exhibit Information Form" which is available from Extension Office or at www.STEM4KS.com. Packet should include the following items: A). Bill of materials for the project with associated costs, B) 1 to 5 pages of photos showing work on the exhibit, preferably from a beginning state to final or completed state, C) If appropriate schematics or working drawings relating to the creation/ repair D) If appropriate operating instructions This form must be attached to the outside of a 10" x 13" manilla envelope.

14. State fair exhibitors may create an optional video about their project showing its operation and the work they have done. The video should be no longer than 8 minutes and should be placed on a USB drive. Adult guardians must complete the video release included with the exhibit form.

15. Exhibitor divisions will be Level I- Introductory (1-3 years' experience, Level 2-Experienced (4-6 years' experience), Level 3-Advanced (7-9 years' experience) and Level 4-Master (10+ years' experience). Open Class Food Preservation

Open Food Preservation Rules:

1. All entries in this division must be accompanied by a recipe.

Recipes must state recipe source and publication date. Due to food safety concerns, all exhibits and the accompanying recipe must be in compliance with current USDA guidelines. Note: Recipes printed prior to 1994 may cite unsafe preservation practices such as open kettle processing; such exhibits shall be disqualified. No fancy packs due to food safety concerns. Creditable recipe resources include current USDA Canning Guide, National Center for Home Food Preservation website, So Easy to Preserve Book, Ball Blue Book, and K-State Research and Extension food preservation publications. Further information can be found at www.rrc.ksu.edu/perservation/index.html or by contacting your local KSRE-Atchison County extension office.

2. All entries must include a food preservation label. Information to include: name of product, date preserved, type of pack (hot or cold pack), processing method (water bath/pressure for low acid foods-weighted or dial gauge use), processing time, location where food was processed and altitude where processed. Name should not be included on the label. Note: Many locations in Atchison County are above 1000 feet sea level and thus requires additional processing time. Exhibitors may create their own canning label, download a label (www.atchison.k-state.edu/fair) or request a label from the extension office. Prior to fair exhibit preparation, exhibitors are encouraged to contact the Extension Office to review current recommendations.

3. A clear pint or quart standard mason jar shall be used. Jellies and preserves must be exhibited in a half-pint standard jelly jar unless recipe states use of another jar size. All rings must be free of rust. No added decorations allowed.

4. All preserved foods must have been canned since the previous county fair. Violation of this rule will result in forfeiture of premium and exclusion from competition.

5. Visual inspection will generally be used for judging. However, at the discretion of the judge, products may be opened to determine the differences among entries or when spoilage is suspected. Items opened will be marked to denote that it is no longer safe for consumption.

6. Entries in youth classes will be by individuals under 18 years of age.

7. Champion and reserve champion ribbons will be awarded.

8. No exhibit will receive more than one premium money in any one class. An exhibitor may not win more than one prize listed under special awards. It is the responsibility of exhibitor to designate on entry card if they are eligible for special awards at check in. Award to be considered should be written in upper right corner of card.
